

# How can we help Holy Family Elementary earn EXTRA?

● We earn \$\$ from your used aluminum cans! Drop a trash bag of them in the trailer located across the street North of the church parking lot near the storage shed!

● We still benefit from Boxtops for Education! Don't have time to cut them out perfectly? No need! We have volunteers that take care of it! We even still

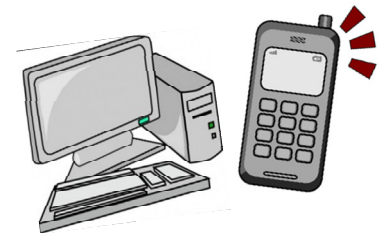

accept Labels for Education ONLY if it says that on the label as seen in the photo! Drop these both off in the red/white plastic soup can located in front of the office counter! (Please check expiration dates!)

● We collect poptabs & pulltabs for Hays High DECA which benefits the Ronald McDonald houses across the country! Feel free to drop them off in baggies in the office!

● Have small parts from old cell phones or computers? Feel free to bring them in and see if our I.T. director can utilize them in some way at school!

● Our Green School Committee works hard to collect old batteries (any size or type as long as they're not corroded) and safely disposes of them to keep the environment cleaner! Feel free to bring in baggies of these to the office as you collect them – it is safer to wrap batteries in electrical tape to prevent a spark!

● HFE Bucks: the easiest ongoing fundraiser ever! Purchase gift cards at face value in the office or online for businesses you already plan to go to, and earn \$\$ toward your child's enrollment fees! Visit our school website or ask committee members how to get started!
