

Parent Information Night

***TUESDAY, AUGUST 21ST AT 7:00 P.M.
HOLY FAMILY GYM (UPSTAIRS)***

This parent information night is for all of our parents and/or guardians. On this night, parents will hear important information from the principal about our school, such as updated policies, procedures and many other things to help our families get back into the swing of the school year. Representatives from our Home & School committee will be speaking to the parents, and parents will be introduced to our faculty & staff. Parents will also have a session with their children's teachers in the classrooms at the end of the night to become more familiar with their child's curriculum, classroom rules, and various other important topics. We hope that you will leave feeling more prepared and ready for the school year! We strongly encourage all of our parents, new and old, to attend so that everyone is familiar with any school changes. For this meeting, we recommend NOT bringing your children with you, as you will be meeting with teachers after the presentation. We look forward to seeing you all there!
