

## 2017-2018 HFE Bucks Report

Many HFE/TMP families have been successful in learning the process for HFE Bucks. We saw a huge increase in sales when we started the Family Rewards program March 26, 2018!

And now the process is rewarding them... families had a little over three months to accumulate their rewards. We are giving back \$4,803.21 towards their 2018-2019 enrollment fees! Family rewards ranged from \$0.12 up to \$250...it all depends on what you put into the program.
